

solarUPenergy

Your Complete Solution

Your best investment under the sun.

Imagine earning money while increasing the value of your home and helping the planet.

Thanks to Solar Up Energy and the Ontario Power Authority's microFIT Program, you can turn that vision into a reality.

In brief, here's how it works:

If you install solar panels on your roof, the OPA will pay you 80.2 cents for every kilowatt-hour of power you generate for 20 years. You could earn enough money to pay for your panels in just a few years. The rest is all profit. Some properties can **earn up to \$250,000** over 20 years.

The idea is simple; getting set up is complex. That's where we come in. Our job at Solar Up Energy is to take care of the details for you: paperwork, site surveys, permits, contracting with the OPA, financing arrangements, installation, service and more.

We make it easy. You make money.

Together, we help promote a sustainable future by expanding the province's solar energy capacity.

Let Solar UP Energy shed some light through our easy 5-step process:

1

FREE On-Site Consultation

Ontario's microFIT Program is exciting... but complex. We'll send an expert to discuss the program with you in **plain language**. You'll have many questions. We'll have many answers.

2

Site Survey

Our engineers will analyze your roof and **study historical sunlight patterns for your exact location**. This survey will determine whether your property qualifies for the program.

3

Your Personalized Earnings Plan

We will recommend a solar panel system for your roof and outline **your likely earnings** over the next 20 years based on the data we gather for the site survey.

4

Installation

We'll handle all of the paper work. We'll help you arrange for financing. We'll install dynamic, attractive solar panels on your roof. **The process is fast and easy.**

5

Making Money

The microFIT Program will **pay you for the power you generate** for 20 years. You could earn up to \$250,000 or more over the life of the project. That's a lot of sunny days!
